PROFESSIONAL SUMMARY

BCA student with foundational knowledge of Python, data analysis, HTML, CSS, and JavaScript. Academic project experience includes an AI-assisted quiz application and a hybrid movie recommendation system. Interested in using AI/ML concepts and responsive web development to build useful applications. Seeking an internship to contribute, learn from developers, and strengthen practical skills.

EDUCATION

Bachelor of Computer Applications (BCA) 2024-2027
SDJ International College,Vesu

CGPA: 8.55

Std. 11–12 (Higher Secondary)

RD Contractor High School

Percentage: 83.33%

Std. 1–10 (School Education)

Mujaddid Alfesani Education Trust

TECHNICAL SKILLS

Programming: Python, JavaScript

Web Development: HTML, CSS, Responsive Web Design

Data & Visualization: Pandas, NumPy, Matplotlib, Seaborn

AI / ML Concepts: LLM Integration, Recommendation Systems, Basic ML Concepts

Tools: VS Code

SOFT SKILLS

- Communication
- Teamwork
- Problem Solving
- Time Management

ACADEMIC PROJECTS

Quiz Mind — AI-Assisted Quiz Application Python, LLM API

- Worked on LLM-assisted question generation with subject-specific and difficulty-level guidance.
- Validated generated questions, answer options, and explanations before use.

Cineverse — Hybrid Movie Recommendation System Python, FastAPI, SVD

- Combined content-based and collaborative filtering to generate movie recommendations.
- Used movie features and an SVD-based collaborative model in a Python backend.

Tic-Tac-Toe — Responsive Web Game HTML, CSS, JavaScript

- Designed a mobile-friendly Tic-Tac-Toe interface with HTML, CSS, and JavaScript.
- Worked on interactive gameplay, game controls, and score tracking.
